Dr. Stephen F. Sundlof
Director, Centre for Veterinary Medicine
Department of Health and Human Services
Food and Drug Administration
Rockville, Maryland, USA
20857

Dear Dr. Sundlof:

This is in reply to your letter of December 30, 1998 and serves to confirm that the entire report entitled "RBST (Nutrilac) Gaps Analysis Report", by Chopra et al, together with all its appendices, have been released to the public here in Canada.

I hope this is satisfactory.

Sincerely,

J. A. (Hank) Schriel
Director and ATIP Coordinator
Information Access and Coordination Division
Policy and Consultation Branch
